## Club and local Ham News in a National Magazine!

Effective with the Christmas issue, *Ham News* (Salisbury, Md.) will be consolidated with *R/9* but will be maintained as a separate section with the same interesting news of hams, ham affairs, ham clubs as heretofore, but extended in field to cover the entire U.S.A. and Canada.

For the first time you may get your worthwhile news in a national radio amateurs' magazine. This opportunity is not intended for routine notices and reports, but for really newsworthy items. Chief test to be applied in editing: "Is it of interest to the fellow far away?"

Chief Editor of the *Ham News* section of *R/9* will be Ed Thompson, W3CQS, 312 College Ave., Salisbury, Md., present editor of *Ham News*. Send all such news to him direct. Send other items to the general office at Los Angeles.

**SUB-EDITORS WANTED:** to assist in gathering and editing local news, he will need about a dozen district sub-editors. Those interested should write him direct. A free subscription will be entered and reasonable stationary and postage costs repaid but for the present no compensation is contemplated.

## "How, When, Where" Listings to Cover Entire Country

These listings, described on the back of the accompanying letter regarding club subscription rates, start in November or December. Due to the consolidation we can now accept listings from the entire U.S.A. and Canada.

## Articles Wanted

Technical, constructional, political, traffic, all types of articles are solicited. We believe the current practice of soliciting unpaid full-length technical articles from competent writers is unfair; while we cannot pay the full value of such material, as a step in the right direction we will pay a small amount for accepted full-length technical articles; somewhat more will be paid to subscribers than to non-subscribers; if you require payment, say so when submitting. No material returned unless accompanied by a stamped addressed envelope. We make reasonably prompt decisions, and do not hold articles indefinitely for possible future use except with the author's express consent. Payment applies only to technical and constructional articles.

For further information, write

Editor, "R/9"  
1455 Glenville Drive  
Los Angeles, California

## Group Rates for Ham Clubs only

"R/9" ♦ "Radio" ♦ "Ham News"

TWO FOR LESS THAN THE PRICE OF ONE!

Office of Editor-General Manager

1455 GLENVILLE DRIVE, LOS ANGELES

To all bona fide amateur clubs:

To you, and to you only, we offer reduced rates (up to 55% off).

Except on the "raffle offer", subscriptions, to earn these rates, must be ordered and paid for in advance. Clubs which wish to raffle subscriptions may pay for the desired number in advance and receive receipted order blanks good any time within six months; no refunds.

SUBSCRIPTIONS	R/9 only	R/9 and Radio	R/9 and Ham News
1 (Full rate)	\$1.50	\$4.50—(\$3.00)*	\$2.00—(\$1.50)*
2	1.25	3.00	1.75—(1.50)*
3 or more	1.15	2.75	1.60—(1.50)*
6 " "	1.00	2.50	1.40
12 " "	0.85	2.00	1.20

(\*Rates in parentheses, now in effect, are temporary, and expire soon.)

The new **RADIO** is the PREMIER technical magazine of amateur radio, bar none! Its material equals or excels that of former leading magazines, and exceeds them all in quantity. Contains many other features. Sample copy, 25¢ on most newsstands, or direct by mail from us.

**R/9** is by amateurs for amateurs. Reactionary, not radical, it advocates A.R.R.L. reversion to its original status as a transmitters' organization, not one of mere magazine readers. Written up to the intelligent, not down to kid-minds. Its sole reason for existence is to stimulate action both to avoid further losses and to REGAIN rights. **PHONE MEN! SCOOP! "SINGLE SIDEBAND TRANSMISSION FOR AMATEUR PHONES"** starts in Sept. issue; three phones can operate where one can now. Your present transmitter easily modified; no receiver changes except in "supers". Sample copy, 15¢ direct from us; none free.

**Ham News'** prime feature is "how, when, where, to QSO a brother ham" --a list of active stations east of the Miss. River giving operating hours, frequencies, whether ragchew, DX, or traffic, etc. For sample, send 5¢ and stamp to "Ham News", Box 655, Salisbury, Md. Similar list in **R/9** for those west of river; both lists may appear in both magazines.

Use your club letterhead; give each subscriber's call; if none, so state. Rates good in U.S.A. only; subject to change without notice.

Fraternally yours, with '73's,

*F. V. R. Lansing* (W6QX)  
General Manager, R/9
